Visit the Manchester CSC homepage –  
for events, further information, links:  
[www.cubasol-manch.org.uk](http://www.cubasol-manch.org.uk)

Regular Meeting:

every first Monday of the Month (except Bank Holidays), 7.30 p.m please contact us for venue.

Manchester CSC is affiliated to the National Cuba Solidarity Campaign. We work to improve understanding of Cuba and its social system and the aggression that the country has suffered and continues to suffer from its neighbour the United States.

We are campaigning against the US economic blockade, for the freedom of the 5 Cubans wrongly imprisoned in the USA and for improved policy towards Cuba from the UK and European Union.

We are also working with partner organisations in the Matanzas province on projects to improve the quality of life of older people, disabled children, and people in small country communities. Our current project is with a Tree Nursery being developed by a small farmer's coop in the east of the province. If you would like to contribute to this work you can make a regular financial contribution with the standing order form (overleaf), or get in touch to find out more.

If you would like more information about Manchester CSC events email us at [csc.mcr@poptel.org](mailto:csc.mcr@poptel.org) and we will put you on our (low volume) mailing list.
